Thank you Dan.

We will add this objection to our permit file and not issue the Title V permit until the objection is resolved. I will get back to you on the other permits after briefing my management.

Greetings John,

I am acting today for Don Dossett while he is away on travel. In my capacity as acting unit manager, I am notifying you here that EPA Region 10 is objecting to ADEC's issuance of Title V renewal permit to ConocoPhillips for Kuparuk Central Production Facility No. 1. I am referring to permit #AQ0267TVP02. I have attached our objection letter to this email. The actual letter is in the mail.

Please let us know asap whether you plan to withdraw the two BP proposed permit renewals with the same issue. If you have any questions, let me know.
